Rudyard Bulldogs Go On A

"R" Club

The "R" Club is an organization made up of boys who have won a major or minor letter award at Rudyard High School. The purpose of the "R" Club is to promote athletics at Rudyard High. The club has several money making activities in the past years, it has donated the new basketball uniforms, and has also helped pay for the new scoreboard and the glass backboards that now grace our gym. The Spring Carnival and the Turkey Trot are held annually by the "R" Club and are the two largest activities undertaken by them during the year. We are very fortunate to have our principal and basketball coach, Mr. Jarvie, as our advisor, and appreciate all the help he has given us. The club has a membership of 43 this year which is an increase over the past few years.

The officers this year are: President--Ken Mills, Vice-President--Dan Rioridan, and Secretary-Treasurer --Joe Heywood.

We hope that through the efforts of this club that we have accomplished our purpose and supported the athletic program at Rudyard High School with all of our efforts, and we hope to continue following our purpose in the years to come.

Basketball Homecoming 1959

Queen Rose and her Court

Queen Rose

Rose Elliott and Bill Elliott

On December 11, 1959, the Pep Club sponsored the second annual homecoming night. The Rudyard Bulldogs entertained the Pickford Panthers, and the nights activity was begun right when the Bulldogs rolled over the Panthers 49-43. The Homecoming Queen, Miss Rose Elliott, was crowned at a half time ceremony by the captain of the basketball team Charles Robuck, and then presided over the rest of the evening which consisted of a dance after the game.

Both the dance and game were very successful and promped the Pep Club to continue the Homecoming tradition at Rudyard High School.

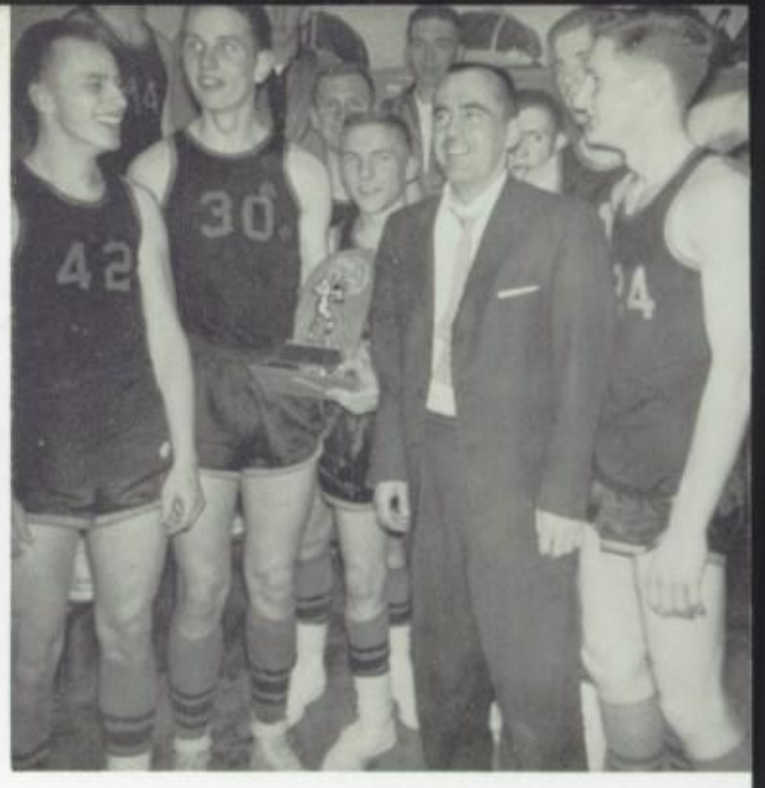
Sports Revue



The fortunes of the Rudyard Bulldogs 1959-60 football season were quite ill-fated. The team finished the season with a record of two wins and four losses and although not impressive, was good enough for fourth place in the rugged Little Seven Conference.

The season started quite slowly with two lopsided defeats at the hands of Pickford and Loretto, the conference powerhouses. After these two defeats, the team seemed to fuse togehter and their hard work and determination brought them two wins and two losses, which gave them a 2-4 record.

The team will lose several veteran members of both the offensive and defensive teams through graduation. The graduating seniors are: Ken Mills, Ross Pechta, Jerry McDonald, Gordon McMillan, Thom Blanck, Ed Vrbensky, and Charles Dowd. Despite the loss of these lettermen, we hope the team will prove equal to the challange and establish Rudyard once more as a football power.

We wish Mr. Hamilton, the new football coach, the best of luck in the future and also offer our congratulations to Marvin Thompson, who was voted all conference center.

The Rudyard Bulldogs, long a perennial power in the Little Eight Conference, have finally reached the zenith of their power. The goal long strived for has finally been reached, the height long sought has finally been obtained. The Bulldogs dream of a perfect season has finally become a reality that has affected the school, the town, and even the state.

The Bulldogs this year have finally fulfilled the challenge offered and posted an undefeated season in conference play. Their 21-0 record has not been accomplished through luck and chance, but is the result of great coaching, hard work, and determination, and an unguiding persistance to accomplish a feat and best a challenge offered.

In posting their 21-0 record, the Bulldogs not only won the conference trophy, but also won the district trophy and are looking forward to the regionals. Other honors included setting a new Upper Penninsula record for wins in one season, enjoying top rating in Class C in the A. P. basketball poll for most of the season, and the trophy for the Holiday Tournament at Pickford.

Coach Ed Jarvie fielded a well balanced, well coached, high scoring, starting five, bolstered by a strong bench. The starting five included Charles Robuck, Joe Heywood, Ron Folkersma, and Dan Riordan, all juniors, and Fred Kobera the lone senior. The reserves included Thom Blanck, Jerry Mc Donald, Dick English, and Jim VerStrate, seniors, and Fred Jacobson and Fred Kamper, juniors.

The sparkplug of the Bulldogs this year has been Charles Robuck, a 6'4" Junior, who led the team in scoring and rebounding. Robuck's fine work was backed up by great play by each of his teammates that made the team the threat they are.

Congratulations are offered to Coach Jarvie for the great coaching job he has done and to each member of the team for their part in making the season the success it was.

Baseball

Baseball

The coming of spring this year will find the Rudyard Bulldogs Baseball team ready to avenge some of the defeats suffered at the hands of Little Eight Conference foes last season. The team will be greatly strengthened by returning varsity members and last years reserves also are being counted on quite heavily. Varsity returnees this year are catcher-John Wiseman, Pitchers-Joe Heywood, Roger Novenske, and Ray Marshall, infielders-Thom Blanck, Dale Immel, and Ross Pechta, and outfielder-Dan Riordan.

The team has a new coach this year, Mr. Roy Hamilton, and we wish him the best of luck in the coming season.

Future Homemakers of America

This organization is open to any girl who has had one year of Home-Ec or they are in their first year now. Some of the things that we have completed this year or in the past are the annual Sadie Hawkins dance, a drive for a needy family, fixing old toys for the salvation army, and the selling of several money making projects. Christmas time brings the singing of carols and a party in a holiday atmosphere. A "Daddy Date Night" is being planned to get the fathers to understand just why the daughters need the car or a ride to school twice a month. We hold one business and one recreational meeting each month. Besides giving the girls a chance to get together, we learn how to help and get along with our families, friends and neighbors. A few of the members get a chance each year to go on trips to state and regional meetings to find what is going on in chapters throughout the state. We encourage all girls to join. The officers this year are: President: Bonita Wallis, Song Leader: Alice Royer, Vice-President: Carol McLean, Historian: Judy Hintz, Secretary: Judy Mattson, Reporter: Prudy Jarvie, Parlimentarian: Sheila Irwin, Treasurer: Karen Hakola.

Future Farmers of America

The Future Farmers of America is an organization composed of boys who attended Rudyard High School. The main purpose of this organization is to promote agriculture in the area in and around Rudyard.

Each year our advisor, Mr. Davis, sets up a program that we are to follow during the coming year, that he feels will advance us the most in our training to become better farmers. We study the latest scientific methods of farming, and through them we try to improve on our own projects and also improve our community through them. Each boy usually has a project that he works on during the year for our agriculture class which is closely tied in with our Future Farmer group.

The F.F.A. also sponsors two parliamentary procedure teams that compete against each other in a local contest, and the winner goes on to a regional contest. In past years we also have had an entry in the public speaking contest held at Munising.

Under the direction of Thomas Spencer, the Rudyard High School music department came to active order on September 8, 1959, after a one year period of having no music department. The band, having a few experienced members, happily accepted new members. Pep meetings were at first the only public appearances made, but we than put on field showings at football games. A spring concert is being planned and marching for Armed Forces, 4-H Achievement, and Memorial days are annual appearances. Massed Band is always a happy occasion when the bands from surrounding schools all combine their talents.

There is one anxious beginning band and also a Junior band. They will be the future High School Band and they are practicing very hard for that time. They are also waiting for the chance to perform at the Spring concert.

The chorus this year welcomes both Junior and Senior high students. They, along with the band, performed at the P. T. A. open house program. A program was also presented at Christmas time by the chorus.

This year, several movies were shown to the music students to give them a better understanding of the music they were learning and the instruments they were playing.

It is the hope of everyone that the music of Rudyard High School will not be halted again for lack of teachers.

Thespians

The Thespians of Rudyard High organized in the early part of October under the supervision of Mr. Ploegstra. Officers were elected as follows: President-Ross Pechta, Vice President-Gary Clensy, Secretary-Polly Jarvie, Treasurer-Mary Lawlor.

We rallied off to a good start by presenting a three act play "The Late Christopher Bean" in November. The play was a complete success after much hard work by the Thespians, and has encouraged us to present another sometime this spring. We have quite a large membership, and are hoping to increase interest in this type of club at Rudyard High School.

The purpose of the Student Council of Rudyard High School is to encourage school spirit, create a better relationship between the students and faculty, and organize school activities. The representation consists of two members from the Seventh and Eighth grades, three members each from the Freshmen and Sophomore classes, and four members from each of the Junior and Senior classes. Each class also has two alternates to insure representation in case of a regular members absence. Representatives may also be sent by any other school club, but they have only the power of discussion.

This years advisor is our principal, Mr. Jarvie. He has helped the council immensly by his suggestions and knowledge of the student body.

This organization, originated only a few years ago, has become a highly effective group in governing the student body. The Student Council also sponsors dances, the Christmas Party, and other organizations which they feel will be of help to the school. The National Honor Society and the Thespians are the two being sponsored this year, but we are hoping to increase the number of organizations sponsored in order to raise the educational effiency at Rudyard High School.

Seventh Grade

Our first year of Junior High proved to be exciting for all of us. In the first semester we held a dance at the community hall. Some of the boys had a chance to play basketball on the Junior High team. In the final semester we had a hayride and a roller skating party.

We are now in our last year of Junior High, and are now looking forward to our years of High School. We held a rollerskating party in the first semester. Some of the boys are again playing on the Junior High basketball team.

Eighth Grade

When we first began school in the seventh grade we found it very difficult to get adjusted to high school life. We were not used to having different classes in different rooms with different teachers, and at first we were very confused. We were not familiar with the rooms of the high school either, and we were often late for classes because we could not find the right room.

The difference in the work was also very noticeable, and we found that the shorter subjects and easier work that we were accustomed to in the lower grades had been replaced by longer class periods and the work was much harder.

The officers elected for our first year of Junior High School were: President-Keith Kenny, Vice President-Terry Nayback, Secretary-Jan Danner, Treasurer-Ricky Ioli.

Mr. Ford is our class advisor this year and has really helped us to get accustomed to high school life.

On September 8, 1959, we, the mighty Freshmen arrived at school feeling quite elated at the fact that now we were in high school. In addition to the regular classmates of last year, we stared impolitely into the faces of many newcomers from Trout Lake, Moran, Kinchelo A. F. B., and even a few from Rudyard.

We were given a nice reception by the Seniors, and in October the Sophomores initiated us. This much dreaded day didn't turn out as terrible as we had imagined, and we all enjoyed ourselves.

Some of us are in band or basketball, and four of our girls were elected as the "B" Team cheerleaders.

Our class advisor for this year is Mr. Hamilton. Our class officers are: President-Don Hakola, Vice-President-Elaine Piippo, Secretary-Jean Hakola, Treasurer-Prudy Jarvie.

We are all looking forward to three more happy years as students at Rudyard High School.

Four years ago, we, the sophomores of today, entered Rudyard High as shy, quiet seventh graders. It did not take long for us to catch on to the hustle and bustle of changing from class to class and from teacher to teacher.

By the time we began the eighth grade, we considered ourselves veterans. During the eighth grade, everything went smoothly. We had our share of fun and hard work.

In our freshman year, we were initiated: (it wasn't half as bad as we expected). This year we lost several favorite classmates as they were transfered. .

Now that we are sophomores, we have tasted the sweet taste of revenge and have done our share of tormenting our younger schoolmates, the freshmen, at initiation.

Junior Officers

Treasurer-Carol McLean, Secretary-Lorena Nayback, Advisor-Mr. Ploegstra, President-Charles Robuck, Vice President-Dan Riordan.

We went into our freshman year at Rudyard High School excited as all classes do and dreading initiation. The initiation wasn't as bad as we had imagined, and the rest of the year was very enjoyable. Our first class party, was very successful, and we hope to have the same success with the rest of our parties.

Our sophomore year was a lot of fun, and we started realizing that we weren't in high school just for a good time, but were here to get an education. This year we had the pleasure of initiating the freshmen and really gave them a scare. Our only activity was a roller skating party at Pickford that was a lot of fun, but also had its ups and downs.

This year we are juniors and are anxiously awaiting the arrival of our class rings. We are also planning our other major activity of the year--the Junior Prom. The Christmas Dance was our first activity this year and it was really a lot of fun planning and decorating for it.

Our class officers this year are: President--Charles Roebuck, Vice-President--Dan Rioridan, Secretary--Lorena Nayback, and Treasurer--Carol McLean.

The first three years of high school have been a lot of work, but we have really enjoyed them and hope that our senior year will be just as enjoyable.

Besides planning ahead to graduation we had the yearbook to publish. This proved to be no easy job, as any annual staff member will tell you, but mixed in with the troubles and worries were many good times and happy memories.

The biggest activity of our senior year was the Leap Year Dance which took place in February. We decorated around the theme of "Sweethearts Swing" with red and white streamers and cupid centerpieces, and had the top name bands on L. P.'s to provide music.

A senior banquet, to be held on May 28th at the Ojibway Hotel, will take the place of our senior trip as we are not permitted to have trips any more. This will be the last occasion for the whole senior class to be together so we plan to make it full of happy memories.

Baccalaureate and Graduation follow, with some happy, some sad, "61" students bidding their final farewells each going out into the wide world to make the best success they can with what they have been taught in 13 long, hard, tedious years of schooling.

Graduation will not be the end, there will still be the ever remaining memories, both happy and sad, which we as a Class shared together. Most of which will be dear and near to us as the years climb up and we will, with happy voices and tear filled eyes, relate them to our children and grandchildren.

Senior History

On September 6, 1956, we the potential graduating class of 1960 began our high school career. As we entered Rudyard High on this memorable day, we could not help but look with envy at the "almost free seniors" and ponder on the pile of work we had to complete before reaching these unrealizable heights. But since we had four long years to wait, we decided to settle down to the work at hand.

We began the year under our class advisor, Mr. Davis, by electing the following people to fill the class offices: President-Dick English, Vice-President-Jerry McDonald, Secretary-Gail Royer, and Treasurer-Mary Lawlor. About two weeks after our first class meeting the seniors gave us a reception which was a lot of fun and enabled us to get acquainted with the new class members from Trout Lake. Then the following week, the sophomores initiated us, which wasn't quite as pleasant as our reception, but proved to be filled with fun.

After this hectic first month, we settled down to the routine work and activities with a few class projects scattered throughout the year. A class party at Kinross Lake was our last get-together as freshmen and it proved to be a terrific close to the year!

The next year, strengthened by many newcomers from Moran and being sophomores, we felt more a part of the school. Our class officers this year were: President-Fred Kobera, Vice-President-Ken Mills, Secretary-Ross Pechta, and Treasurer-Mary Lawlor, with Mr. Wallis being our advisor. The main project we were looking forward to this year, was initiation of the freshmen, which we did in due time making them do everything we had to do and a little more. After completing this, we were content to finish out our sophomore year with a few class parties which were a great success.

We finally had reached our junior year. This was the year we had all been subconsciously waiting for. Now we could really begin to decide on things and get in the swing of high school and all the activities involved. We elected the following class officers under our advisor Mr. Jarvie: President-Ross Pechta, Vice-President-Ken Mills, Secretary-Carol Becker, and Treasurer-Mary Lawlor.

Our first major decision was the selection of our class rings. Since there were so many different designs to choose from, we had quite a time deciding just one for the whole class. We finally acquired a majority vote on one, and were all very well satisfied when they arrived in March.

Since the most important part of being juniors was sponsoring the two major dances of the school year, we started right in planning for the one held at Christmas time. Unlike other years, we decided to hold it between Christmas and New Years and call it the Holiday Ball. We secured the Wilcox orchestra to provide the music, and decorations included Christmas trees and mistletoe.

After the activity of the Holiday Ball had subdued, we had a class roller skating party in January at the Pickford Gym. While many of the class were exceptionally good skaters, others had never tried it before—and between picking kids off the floor and watching the minority try out new tricks, everyone had the time of their life.

Following semester exams we began planning for the Junior Prom, our last activity for the year. Our biggest problem was decorations, and after deciding on "Apple Blossom Time" as our theme, we got right to work ordering crepe paper, dance cards, hats and the like. By decorating the preceeding night and day, we finally fulfilled our ideas on carrying out our theme. It turned out to be a huge success with all the juniors proud of the part they had played in making it possible.

At last we had arrived at our senior year at Rudyard! We started out our last year as we did our first, by electing our class officers as follows: President-Ross Pechta, Vice President-Thom Blanck, Secretary-Carol Becker, and Treasurer-Mary Lawlor; Mr. Jarvie was our class advisor.

We began making plans for graduation in June by ordering our invitations and personal cards, and having our senior pictures taken by Bay View Studios. Then, following our class colors, we chose white gowns with red flowers for the commencement exercises.

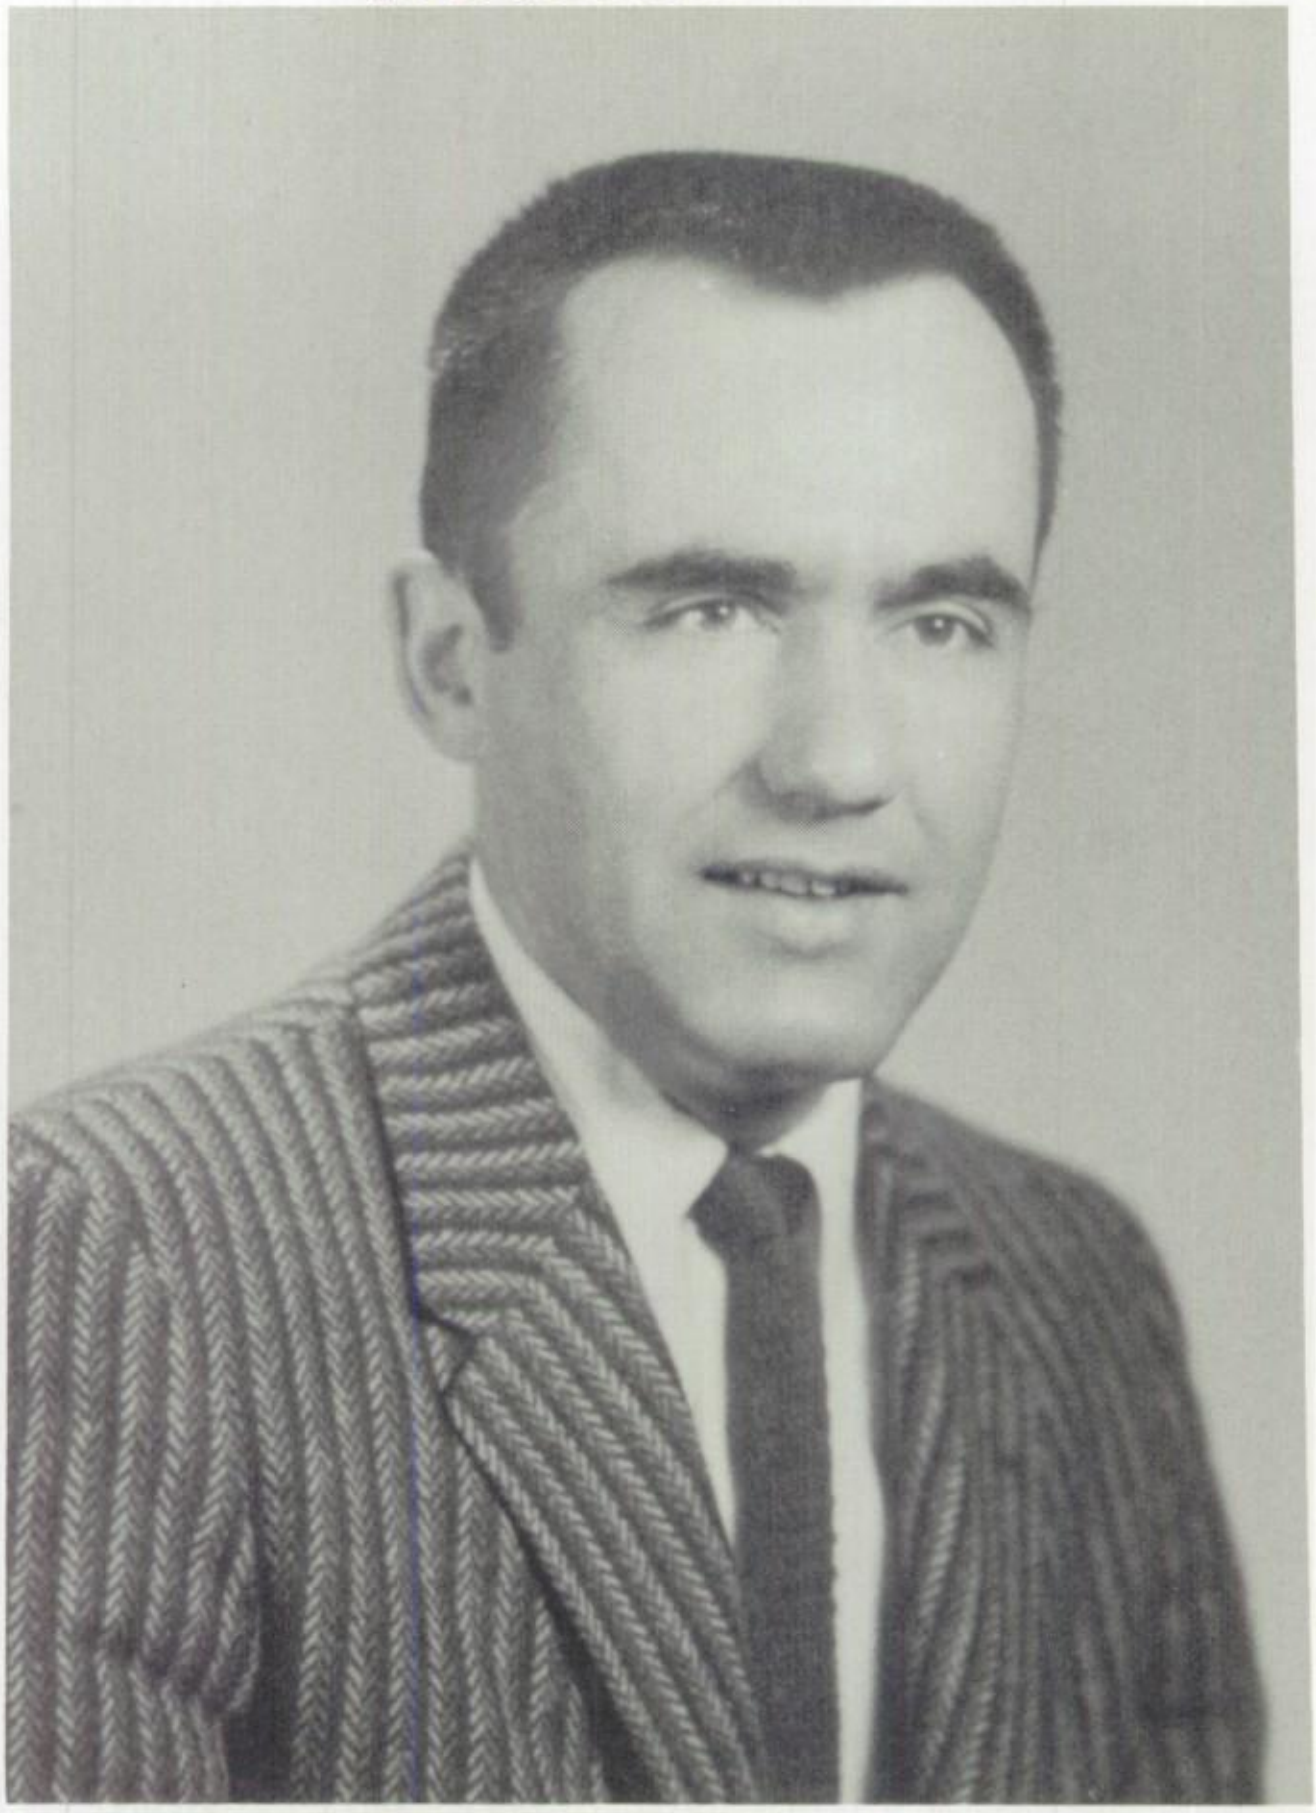
Dedication



We, the Senior Class of 1959-60 are proud to dedicate this annual to our basketball coach, principal, teacher, and friend, Mr. Edward W. Jarvie, who at all times has been an inspiration and example to our student body and community. It has been through his sincere efforts and understanding, that he was able to guide us students in our search for truth, knowledge, and a solution to life.
In dedicating this annual thusly, we hope to have shown a small token of our esteem and appreciation for the encouragement he has offered that has inspired all of us to gain greater heights scholastically, morally, and athletically.
